SATURDAY, JUNE 4TH, 1949

Announcement

The Minnesota Shorthorn Breeders Association was organized under the laws of Minnesota on November 28, 1911, and is a non-profit corporation. The Incorporation papers show the officers O. F. Henkel, Kenyon, president; S. G. Eliason, Montevideo, vice president; and R. W. Leach, Minneapolis, secretary and treasurer.

Article II reads as follows: "The purpose of the Corporation shall be to unite the Shorthorn Breeders of Minnesota in an effort to breed better Shorthorns, to promote the use of purebred sires, to improve the methods of growing and marketing Shorthorns, and to further the Shorthorn interest in the state."

For thirty-eight years that has and is the aim of the Minnesota Shorthorn Breeders Association. To show that the Association has been a success throughout these many years we now have Registered Shorthorns in every county of the state. It is true that they have followed the modern trend branching off to specialize by stressing certain types and differences until we now have organizations in both the beef type and the milking type and these again into horned and polled organizations. The different branches are only outgrowths caused, you might say, by this age of specialization, which usually stresses certain types and values of a product. But the foundation that they are all built on was "Shorthorn," that gentle personality cow that has "weight for age" and did, and still fits herself on any farm or ranch, any place. The main differences in the different branches of the Minnesota Shorthorn organizations are milk and horns. We, the Minnesota Shorthorn Breeders Association have not lost either the milk or the horns.

We have also grown as an association until we now have 535 breeders in the state, 165 of them are members of the State association. Living up to Article II of our corporation we have assembled for this June 4th sale seventy head of outstanding Shorthorns, 33 bulls and 37 females, many of the females either have calves at side or are carrying calves ready to drop them. Among the bulls, many are good enough to be used in any herd as herd sires. There are offered bulls that are tried and proven sires, younger bulls ready to be used and still younger bulls that show promise. The females can be safely bought either as foundation for herd building or replacement.

There will be a Shorthorn banquet on the night of June 3th, at 6:30 p.m. at the Wellington hotel. We invite and urge all that are interested in Shorthorns to be at the banquet June 3th, 6:30. Gilbert Elken Jr. of Eldak Farms, Mayville, N. Dak., who this year will be our Judge, who returned from Scotland in Feb. of this year where he attended the 1949 Shorthorn Show and Sale at Perth, Scotland, will also be the banquet speaker, along with the showing of motion pictures taken by Clem Larson of the American Shorthorn Breeders Ass'n. on his recent trip to Scotland.

TERMS AND CONDITIONS OF SALE

SALE TERMS—

Cash, except when arrangements have been made with the consignor, before the sale. Settlements to be made with the clerk immediately after the sale, but it shall be understood that the Association assumes no liability, legal or otherwise, and the guarantee and terms shall constitute a contract between consignor and purchaser of each lot. All stock at buyer's risk, as soon as bid off, but the management will carry out buyer's instructions in loading and shipping as nearly as possible.

GUARANTEE—

All cattle sold subject to a sixty-day test for tuberculosis and health certificates will be furnished to enable them to be shipped into any state or territory. Bulls over 20 months on sale day are guaranteed breeders, if not allowed to run with herd. If a bull fails to breed he may be returned to the breeder, if in as good condition as when bought, and if after a test in the seller herd he fails to breed he will be replaced or purchaser's money will be refunded. All cows with calves at foot are considered breeders and no further guarantee is made. All other cows and heifers over 16 months of age at the time of the sale are guaranteed breeders. An animal returned to seller because it does not comply with the guarantee will be at buyer's cost of transportation.

Any claim for adjustment because an animal is a non-breeder must be made with the seller within ninety days of the sale.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. The sales manager, the clerk of the sale assume no liability, legal or otherwise.

PEDIGREES AND CERTIFICATES—

A certificate of registry and a transfer will be furnished with each lot sold, and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Footnotes appearing in the catalogue concerning each lot furnished by the consignor or from information given the sale manager by the consignor.

SHOW CLASSIFICATION

At 9:00 P. M. June 4th, 1949

Gilbert Elken Jr. of "Eldak" Mayville, N. Dak.
Will Judge the Following Classification

The prize money this year amounts to $300.00, made possible by the aid of the Blue Earth Civic and Commerce Association, and a pool of money received from the consignors themselves.

We have two aims in view in putting on this competition for premium money, judged by a competent judge of cattle:

First - to show the consignors the competitional value of the cattle they have consigned with others in the show, thus encouraging them to bring better cattle each year to the sale.

Second - we will sell the cattle in the ring in the same order as the judge placed them in the show ring, so that a buyer who does not feel that he himself is competent to judge which one is best, can, in this way use the experience of the judge as to which one is the better.

RED HILLTOP 2262344

This Bull Speaks for himself when you look at Lots 11-58-64-67-6 all sired by him. He is a breeding bull beyond question, we would not be selling him except for the fact that we are replacing him with Marelbar Cashier. We are selling him when he is still at an Ideal Age 5 years old to go on for seve' al years for someone else.

Announcement

In this sale we announce the complete dispersal of the Cecil J. Carnes herd of Beef Shorthorns from Renville, Minn. This is being done purely for business reasons. In order that he can buy the home place formerly owned by his father, the late F. E. Carnes. Cecil asked to have the cattle all sold at this June Sale due to the fact that he did not think he had enough Lots to venture a sale of his own. When I came to his place he had already disposed of a large number of grade cattle at a private Auction and on the market. Of the Registered cattle he had sorted out several that he did not think good enough even to enter into a consignment sale, those he also put on the market, and there remained 16 lots that I would say are outstanding lots in any sale. They are composed of 1 young bull - 4 cows with calves at side - 6 cows ready to calve and 6 open heifers.

This herd was founded by F. C. Carnes and in buying he looked both to pedigree and quality. Cecil enlarged and improved the herd in 1945 as a bidder and buyer of the best sold at the P. N. Collins, River Falls, Wis. Dispersal.

The herd that is to be sold is composed of eight Duchess of Glosters almost every one a solid deep red, and when you see them in the sale barn you will agree when I say that anyone who could buy those eight head as a foundation herd would have a foundation that would be very hard to duplicate both as to quality of the individuals and the breeding. The other lots are composed of Augustas, Violets and Gipsey Maids.

The herd bulls that have been used at the head were carefully selected as to quality, breeding and color which the offering itself will show. The present Herd Sire, Mercury's Lad 2444847 a solid red bull, a grandson of Edellyn Mission Mercury, bought from the Arthur V. Johnson and Sons herd at Balaton, was sold to good advantage at private treaty, but his picture is featured in this Catalogue. The Cows either have calves at side or are close to calving to Mercury's Lad.

I wish to say that I have known both Cecil and his Father for some time and have found that they were Cattlemen, and they liked good cattle, Cecil tells me that they have never had a reactor in the herd, the cattle are clean. I feel that this offering by Cecil Carnes is worthy of anyones consideration and any one of the lots could go into any herd and look good.

This is a dispersal in every sense of the word, they will all be sold to the highest bidder without any reservations whatsoever, and when they are sold, Mr. Carnes will not own one head of cattle, registered or grade.

NORMAN T. FINDAHL.
